

DESIGN BY HEE WELLING

HAY

AAC 24

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman, and a sofa
- Variety of shell colours and base finishes
- Available with fixed seat cushion, front upholstery (AAC 24) and full upholstery (AAC 25) in a large selection of fabrics and leathers
- All shells are made from 100% recycled post-consumer plastic
- A majority of the unupholstered models are certified with the EU Ecolabel across the whole chair and bar stool series
- Other base options are: Sled base, 4-leg steel base, swivel base, solid wood legs, and moulded plywood legs
- Shell is also available with armrest
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAC 24 DESIGN BY HEE WELLING

The solid rounded shell and unified silhouette of the About A Chair AAC 24 adds executive weight and brings a warm, welcoming expression to the otherwise functional and technical genre of office chairs. The swivel four-star castor base comes in various finishes, with the post-consumer recycled plastic shell offered in a wide palette of contemporary colours, along with multiple front or fixed seat upholstery options. The chair's functional design combined with the castor base makes it particularly suitable for formal or official settings, and work-at-home offices.

Hee Welling is a Danish furniture designer who founded his own studio in Copenhagen in 2003. The son of a cabinetmaker, Welling's fascination with production techniques, materials, and machinery was fired as a child. He went on to study at The University of Art and Design in Helsinki, and received his master's degree in furniture design from The Royal Danish Academy of Fine Arts. Centred around the idea of creating technically accomplished products that can reach a wide audience, his designs are characterised by a great sense of proportion and quietly elegant aesthetics. Welling has received a number of design awards, including the Bo Bedre Award (Denmark), Good Design Award (USA), and has been nominated as Danish designer of the year in 2013 and 2014. For HAY, Welling has designed the About A series and the Hee Chair, Lounge Chair, and Bar Stool.

Hee Welling

AAC 24 | Black shell | Black powder coated steel base

DIMENSIONS

SHELL

BASE

The shells consist of 100% recycled post-consumer plastic from household machines. The use of recycled material means that colours vary slightly from batch to batch. Marks and irregularities on the surface are a natural part of the material and may occur.

Non-domestic seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
