

DESIGN BY HEE WELLING & HAY

HAY

AAL 81 & 81 SOFT

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa
- Full upholstery in a standard and a soft quilted version in all standard fabrics and leathers
- Variability of textiles, colours and base finishes.
- Removable seat cushion is optional with or without velcro
- Other base options are: moulded plywood legs, solid wood legs and bent steel tube base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 81 & 81 SOFT DESIGN BY HEE WELLING & HAY

Featuring the same compact body as other designs in the series, this swivel version of the About A Lounge Chair has a light metal frame. Available in high- and low-back versions, the high-backed version of About A Lounge Chair has a more formal expression, while the low-backed shell has a lighter feel, which is emphasized by the low swivel base. Both versions feature the same 4-leg star swivel base. The large choice of upholstery options and base finishes make it suitable for a wide range of public and private contexts. Optional seat cushion mounted with velcro.

BIOMASS FOAM
100% of the fossil-based raw materials required for manufacturing of this product are replaced by sustainably certified biomass.

EN TEST EN 16139 - L2
Non-domestic seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
