

DESIGN BY HEE WELLING & HAY

HAY

AAL 83 & 83 SOFT

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa
- Full upholstery in a standard and a soft quilted version in all standard fabrics and leathers
- Variability of textiles, colours and base finishes
- Removable seat cushion is optional with or without velcro
- Other base options are: solid wood legs, swivel base and bent steel tube base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 83 & 83 SOFT DESIGN BY HEE WELLING & HAY

With a moulded plywood frame this version of About A Lounge Chair is offset by the minimalist wooden frame, creating a slightly more angular expression. It is available in a low-backed version with a more intimate expression or in a high-backed version with an open, spacious feel. The wide choice of cushions, legs and upholsteries mean you can configure unique combinations that fit a variety of public and private contexts.

Hee Welling & HAY

AAL 83 | Coda 100 | Black water-based lacquered oak base

AAL 83 | Flamiber Mimosa E9 | Water-based lacquered oak base

EN TEST
EN 16139 - L2
Non-domestic seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
