

DESIGN BY HEE WELLING & HAY

HAY

AAL 87 & 87 SOFT

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa
- Full upholstery in a standard and a soft quilted version in all standard fabrics and leathers
- Variety of textiles and base finishes.
- Other base options are: moulded plywood legs, solid wood legs and swivel base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 87 & 87 SOFT DESIGN BY HEE WELLING & HAY

The AAL 87 fuses the sleek, elegant aesthetics of the four-legged steel frame with the organic curves of the low-backed shell. Retaining the same compact body, shaped armrests and simple, sculpted design that characterise the rest of the lounge series, this design features a functional base with slim, angled legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated finishes, and the shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public and private contexts.

Hee Welling & HAY

AAL 87 w. seat cushion | Sense black | Black powder coated steel base

AAL 87 w. seat cushion | Turf royal blue | Black powder coated steel base

BIOMASS FOAM
100% of the fossil-based raw materials required for manufacturing of this product are replaced by sustainably certified biomass.

EN TEST EN 16139 - L2
Non-domestic seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
