

DESIGN BY HEE WELLING & HAY

HAY

AAS 32

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman, and a sofa
- Variety of shell colours and base finishes
- Available with plastic shell, with front upholstery (AAS 32) and full upholstery (AAS 33) in a large selection of fabrics and leathers
- All shells are made from 100% recycled post-consumer plastic
- A majority of the unupholstered models are certified with the EU Ecolabel across the whole chair and bar stool series
- Also available with steel sled base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAS 32 DESIGN BY HEE WELLING & HAY

Featuring a curved backrest and long, elegant wooden legs, About A Stool AAS 32 shares the same versatile profile as the other designs in the collection. The post-consumer recycled plastic seat is offered in a wide palette of contemporary colours and multiple front upholstery options, with the legs available in two heights in different wood finishes. The series' simple yet strong visual presence makes it ideal as a bar stool in a variety of corporate, public, and private contexts.

Hee Welling & HAY

AAS 32 | Teal green shell | Water-based lacquered oak base | Stainless steel footrest

 Seat height 75 cm
 Seat depth 35 cm
 Weight 5,2 kg

MATERIALS

SHELL

Injection moulded solid-coloured polypropylene seat. Made from 100% post-consumer recycled PP

BASE

Water-based lacquered moulded plywood base. Inner plywood in beech, top veneer in oak or walnut

FOOTREST

Black powder coated steel or stainless steel.
 Black footrest is recommended for black shells. Stainless steel footrest is recommended for other shell colours and contract use

FABRIC & LEATHER UPHOLSTERY

Please see our Fabric Overview for approved standard fabrics.

COLOUR & FINISH

Please note that the colours are indicative

SHELL

BASE

The shells consist of 100% recycled post-consumer plastic from household machines. The use of recycled material means that colours vary slightly from batch to batch. Marks and irregularities on the surface are a natural part of the material and may occur.

EN TEST

EN 16139 - L2
Non-domestic seating

BIFMA

ANSI BIFMA X5.4
Lounge and public seating

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
