- Available in different sizes and heights
- The Slit Table collection also include tables in powder coated steel and polished brass- and mirror finishes
- The Slit tables in wood are FSC™-certified
- Suitable for a wide variety of private and office environments

SLIT TABLE WOOD DESIGN BY HAY

HAY's Slit Table is a geometric wooden table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in different shapes and sizes, and is offered in various wood types and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

Slit Table Wood Round XL | Water-based lacquered oak

Slit Table Wood Round High | Water-based lacquered oak

Slit Table Wood Round XL | Water-based lacquered oak
Slit Table Wood Round High | Vivid blue water-based lacquered oak

Slit Table Wood Round High | Water-based lacquered oak

Slit Table Wood Round | Black water-based lacquered oak

Slit Table Wood Round XL | Water-based lacquered oak
Slit Table Wood Oblong | Black water-based lacquered oak

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
